An act to amend Sections 6403, 22351, and 22452 of the Business and Professions Code, and to amend Sections 1815, 12070, and 12073 of the Insurance Code, relating to public records.

LEGISLATIVE COUNSEL'S DIGEST

AB 935, as amended, Committee on Business and Professions. County clerks: preservation of records.

Existing law authorizes a county officer to destroy any nonjudicial documents or records in his or her custody if authorized by a resolution of the board of supervisors and if the records are, prior to destruction, photographed, microphotographed, or otherwise recorded for public use. Existing law requires any papers or documents to be retained by the county clerk for at least one year before they are destroyed, unless another provision of law requires that they be retained longer.

Existing law requires legal document assistants and unlawful detainer assistants to be registered with the county clerk in the county in which their principal place of business is located and in any other county in which they perform acts for which registration is required. Existing law requires process servers and professional photocopiers to be registered

with the county clerk of the county in which they reside or have a principal place of business, as specified. Existing law requires the Insurance Commissioner to certify the names of holders of bail licenses to every county clerk of the state and to make up and certify to every county clerk in the state a complete list of all admitted surety insurers.

This bill would, in the case of a legal document assistant, unlawful detainer assistant, process server, or professional photocopier, require the county clerk to retain an application for registration or certificate of registration for a period of 3 years following the expiration date of the application or certificate, after which time the bill would authorize the destruction of the application or certificate *if that application or certificate is scanned or if the requirements for the destruction of nonjudicial documents or records are met. The bill would require the retention of the scanned image for a period of 10 years, after which time the bill would authorize the destruction of that image* without the making or preservation of a reproduction. The bill would, in the case of the certification of the names of holders of bail licenses and the complete list of admitted surety insurers, require the county clerk to retain these records for a period of 2 years, after which time the bill would authorize the destruction of these documents without the making or preservation of a reproduction.

Because this bill would impose additional duties on county clerks, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.

*The people of the State of California do enact as follows:*
